By Order,

C. B. LAL, Under Secy.

New Delhi, the 18th April 1962

S.O. 1209.—In pursuance of the provisions of sub-section (1) of section 86 of the Representation of the People Act, 1951, the Election Commission hereby publishes a copy of the Election Petition No. 52 of 1962, presented to the Commission on the 9th April, 1962 under section 81 of the said Act, by Begum Mafida Ahmed, Jorhat (Assam), calling in question the election to the House of the People from the Jorhat constituency of that House of Shri Rajendra Nath Barua, Jorhat (Assam).

ELECTION PETITION NO. 52 OF 1962.

Received by Registered Post this ninth day of April, One Thousand Nine Hundred and sixtytwo.

Sd./- (Prakash Narain) Secretary,
Election Commission, India.

BEFORE THE ELECTION COMMISSION, INDIA

Begum Mafida Ahmed Jorhat (Assam)—Petitioner

Versus

1. Shri Rajendra Nath Barua, Jorhat (Assam)
2. Shri Hemchandra Saha, Barbheta Chapari.

Cinnamara, Jorhat (Assam)—Respondents.

The humble petition of the abovenamed Petitioner,

Most Respectfully Showeth:

1. The petitioner was a contesting candidate standing on the Congress ticket, for the Jorhat Parliamentary Constituency, State of Assam, in the elections held in February 1962. The 1st respondent was the candidate who contested on the P.S.P. ticket and he was declared elected; the 2nd respondent was the third contesting candidate at the said election.

2. Jorhat Parliamentary constituency comprised of nine (9) Assembly constituencies, 5 in Jorhat sub-division and 4 in Golaghat sub-division. Polling in the said constituency took place on 19th February 1962 and 24th February 1962 and counting of votes was done simultaneously at Jorhat and Golaghat on 25th and 26th of February 1962. Figures were consolidated and the Returning Officer announced the result on 27th February 1962 declaring the 1st Respondent duly elected. The figures furnished were:

LOK SABHA

Jorhat Parliamentary Constituency

Electors: 4,04,220

Votes Polled: 1,96,268

Invalid Votes: 10,653

P.S.P. 78,091—Shri Rajendra Nath Barua

Congress 77,184—Begum Mafta Ahmed

Independent 30,340—Shri Hemchandra Saha

3. The petitioner and the other contesting candidates were given to understand by a written communication issued by the Returning Officer, Jorhat that the counting of votes will take place in two Halls, no. 1 and 2 of the District Library, Jorhat. Accordingly the petitioner appointed her counting Agents in batches for the two Halls and also appointed four more counting agents for emergency.

4. While the petitioner personally supervised the counting at Golaghat, she entrusted the supervision of the counting at Jorhat to her agents. On her return from Golaghat on 27th February 1962, the petitioner understood from her agents at Jorhat that the Returning Officer at Jorhat had made last minute changes in the counting Hall which resulted in serious difficulties and anomalies and that the Returning Officer approved only 8 counting agents of the petitioner out of 20 names given by her and dismissed the rest. The petitioner further understood that the counting went on simultaneously on 34 tables in one Hall, with the result it was humanly impossible for the petitioner's Agents to watch the counting effectively. Moreover, four out of eight of the petitioner's Agents observed Ramzan fasting and hence 4 Agents of the petitioner alone had to watch the counting on 34 tables which was going on simultaneously. The petitioner's request to allow a few relievers to relieve those who observed fasting was rejected by the Returning Officer without adequate or proper reasons.

5. The petitioner respectfully submits that in the counting of votes in a Parliamentary Constituency, where lakhs of votes are involved, accuracy could not be possibly achieved unless there was a proper check at the time of the counting. Counting was going on simultaneously on 34 tables. Ballot papers marked with petitioner's symbol were misplaced in the pigeon hole meant for rival candidate and it was physically impossible for the Petitioner's Agent to know and note the particulars of such improperly accepted votes. As many as 10,653 votes were rejected as improper. The petitioner will be in a position to furnish full details of the aforesaid votes only after inspection and she prays that this Hon'ble Tribunal may be pleased to grant her such permission. The difference in the votes polled as announced between the petitioner and the P.S.P. candidate is very narrow and the petitioner has reason to believe that if a recount is ordered and if the improperly accepted votes are excluded and improperly rejected votes are included Respondent No. 1 will be found to have polled less votes as compared to the petitioner. Thus it is submitted that the result of election has been materially affected by the improper acceptance and rejection of votes by the persons concerned and the hasty and unchecked counting.

6. The illegal and improper manner of counting of the votes was repeatedly brought to the notice of the Returning Officer but all of them proved of no avail. The petitioner therefore on 27th February 1962 at 9-30 A.M. addressed a letter to the Returning Officer, Jorhat, requesting him to postpone the announcement of the result of the Jorhat Parliamentary Constituency as the figures taken by the counting Agents of the petitioner did not tally with the official figures. A copy of the said communication is annexed herewith and marked as Exhibit 'A'. The petitioner persistently requested the Returning Officer & also sent an Express Telegram to the Chief Electoral Officer, Assam, Shillong protesting against the illegal and improper methods adopted in counting the votes and demanding a re-counting. A copy of the said telegram is annexed herewith and marked as Exhibit 'B'.

7. As already submitted the petitioner has good reasons to believe that a large number of votes have been improperly received and accepted by the Returning Officer which has affected the result of the election materially. Further, on account of haste there was no check of 50 ballot paper bundles and the Returning Officer also did not make any test check.

8. The petitioner has deposited a sum of Rs. 2000/- in the Jorhat Treasury in favour of the Election Commission and the Challan* is annexed herewith.

9. It is therefore submitted that the counting of votes at Jorhat by the Returning Officer, Jorhat Parliamentary Constituency, Jorhat was not only irregular but also illegal and the figures as declared by the said Officer are not the correct figures. The procedure adopted in counting the votes resulted in improper acceptance of votes by the Returning Officer and hence the provisions laid down in Section 100 of the Representation of the Peoples Act and the Rules framed thereunder are contravened. The petitioner accordingly prays:

- (a) The Election petition may be referred to an Election Tribunal,
- (b) that the election of the 1st Respondent be declared void and set aside,
- (c) that a recounting of the votes polled in Jorhat Subdivision (Jorhat Parliamentary Constituency), in the election held in February 1962 be ordered,
- (d) if on recount it is found that the petitioner has received a larger number of votes than the petitioner should be declared to have been duly elected.

Date this 6th day of April 1962.

Maftida Ahmed
Petitioner.

Verification

I Begum Maftida Ahmed hereby verify and state that the averments in paras 1 to 3 of the petition are true to my knowledge and the averments in the remaining paragraphs are to the best of my information and belief.

Para 5 (b) of 1959-60 report :	The work is in progress.		
Do. 7(a)	.	The amount will be adjusted against pending bills.	
Do. 8	.	Approval of the Karma-Samiti has since been obtained.	
Do. 9(a)(b)(c)	.	Karma-Samiti has since condoned this technical irregularity.	
Do. 12 (a) (1)	.	The matter will be placed before Karma-Samiti for necessary orders.	
Do. 13	.	The Motor-Cycles have since been sold out. The generating set is under disposal. The Karma-Samiti has decided to retain the 3 ton Ford Lorry.	
Do. 15	.	The reply of the Government is still awaited.	
Do. 17	.	The balance still outstanding is expected to be recovered during the current year.	

Unlike the previous years no separate accounts of the Visva-Bharati Patrika was prepared this year but included within the accounts of the Publishing Department.

As in the previous year no Income and Expenditure Accounts, which usually take the place of profit and loss accounts in nontrading concerns, have been prepared this year in respect of the General office and Palli Samgathana Vibhaga. The Balance Sheets relating to those two departments have been prepared direct from the respective receipts and payments accounts—the receipts and expenses under the various non-revenue and in some cases revenue heads being added to the outstanding assets and liabilities as per Balance Sheet of the previous year.

6. Accounts Manual and Service Rules and Internal Audit Procedure

(a) The need for drawing up a Manual embodying the financial as well as the accounts rules and procedure of the University has been emphasised in the previous Audit Reports since 1953-54. The necessity of framing Service Rules regulating the service conditions of the members of the staff of the University has also been stressed in the previous Audit Reports since 1955-56.

No rules relating to financial and accounts procedure have yet been laid down. The Service rules were stated to be under compilation.

The need for precise orders relating to finance and accounts matters, can hardly be emphasised once again.

Steps may kindly be taken to have these rules and procedure drafted and approved by the Samsad (Court).

(b) Internal Audit

Detailed rules and procedure embodying the functions of the Internal Auditor have not yet been framed although an internal Audit Department under an Audit Officer has been functioning since January, 1958.

The audit procedure and quantum of check for the Internal audit were stated to be under examination of the Authorities. A detailed procedure for internal audit to secure a complete and comprehensive check embracing all classes of income and expenditure of the Institution including Stores Accounts may be drawn up and implemented without further delay.

Reply

para 6; The Service Rules have since been drafted and are now under circulation to the members of the Karma-samiti.

The Accounts manual is in the drafting stage and will be processed through the Artha-Samiti and the Karma-Samiti.

The draft Internal Audit Regulation has since been framed and will be put up to the Artha-Samiti for approval.

7. Income from Investment of Funds

(a) On a review of the Visva-Bharati Fund Register it was noticed that interest against the investment of the funds detailed below had not been realised and accounted for during the year under review.

(i) Compassionate allowance Fund for Rs. 4,367.39 nP. (Interest realised upto 1958-59 only).

(ii) Charu Chandra Basu Prize Fund Rs. 1,700 invested on 12th December, 1958, on 3 per cent. convertible loan 1946, (No interest was realised).

The interest from the above investments should be realised and brought to account.

(b) A scrutiny of the different funds held by the University revealed that as against the total balance of Rs. 8,28,250.12 nP. under the various funds a sum of Rs. 7,47,512.57 nP. only remained invested on the 31st March, 1961. Besides a sum of Rs. 109,996.56 nP. was on hand on 31st March, 1961, as the unspent balance of income accrued from the different funds during the few years. As the annual income of the above funds is approximately Rs. 26,300 while the average annual expenditure therefrom is found to be less than Rs. 10,000, it may be considered by the Karma-Samiti whether the surplus amounts may not also be invested with advantage.

Reply

7 (a) Steps are being taken to realise the interests as early as possible.

7 (b) The matter is being placed before the Karma-Samiti for consideration.

8. Outstanding Dues From Students

(a) The position of dues outstanding from students of different Bhavanas on account of tuition fees and other charges including Refectory charges as on the 1st September, 1961, are indicated below:

Departments	Outstanding as on 30-3-61	Amount irrecoverable	Since realised upto 31-8-61	Outstanding to be realised

TOTAL	17,698 10	2,506 52	13,568 04	1,623 54

Steps may be taken to realise the outstanding dues as early as possible. If the sum of Rs. 2,506.52 nP. shown as irrecoverable in the Accounts has been found to be so after proper investigation, the same may be written off under orders of the competent authority.

(b) **Other outstanding dues of the University**

The position of the outstanding dues of the University on different accounts is shown below:

Outstanding on account of	Amt. out- standing as on 31-3-61	Amt. since realised upto 31-8-61	Amount still outstanding
(i) Miscellaneous Bills	5,288 08	1,437 58	3,762 50

(vi) Sale proceeds of Coal	992 36	992 36	Nil
(vii) Kitchen charges due from non-students	3,566 55	2,669 51	897 04

It was noticed that the outstandings under (i) above in several cases relate to the year 1955-56, and include among others the following old items.

Year from which remaining - outstanding	Name of the party	Amount
1955-56 & 1956-57	Santiniketan Samabaya Bhandar Ltd.	692 00
1957-58	Visva-Bharati Co-operative Credit Bank Ltd.	227 50
1959-60	Station Director, AIR & others	77 19
1959-60	M/s. Backwell Export & others	218 14

In respect of item (ii) a total sum of Rs. 127.60 nP. represented the dues from private persons or organisations while the miscellaneous bills included a sum of Rs. 359.11 nP. on account of private telephone charges due from the employees of the University.

The recovery or adjustment of the outstanding dues may be expedited.

(c) **Advance.**

The total amount outstanding on the 31st March, 1961, came to Rs. 2,67,757.56 nP. out of which a sum of Rs. 1,59,978.60 nP. was stated to have been adjusted upto 31st August, 1961, leaving a balance of Rs. 1,07,778.96 nP. still outstanding on that date.

A scrutiny of the ledger revealed that the following advances had been lying unadjusted in the books for a considerable period.

Date	To whom advanced	Amount
1	2	3
		Rs. nP.
15-7-57	Sri P. C. Chowdhury	2 94
15-7-59	Western India Industries (P.) Ltd.	3,335 00

1953-54	Hindusthan Steel Ltd.	6,670 00
31-3-59	Adhyaksha, Palli Samgathana Vibhaga Do.	78 20 10,537 22

Steps for early adjustment of the advances may be taken.

Reply

Para 8(a) Steps are being taken to realise the outstanding dues and to write off the amounts where irrecoverable.

Para 8(b) Necessary steps are being taken in the matter.

Para 8(c) Steps are being taken to adjust the advances as early as possible.

9. Unclaimed Deposits.

Considerable amounts, representing students' caution money deposits as well as kitchen deposits from the staff and students of the University were found to be lying unclaimed for a long time. Of the amounts of deposits realised upto 1953-54 the following amounts were outstanding unclaimed on 31-3-61.

		Caution money deposits	Kitchen deposits
Prior to	1951-52	2,250 00	5,906 00
	1952-53	950 00	3,765 50
	1953-54	360 00	788 94
	TOTAL	3,560 00	10,460 44

As there is remote possibility of any claim being preferred for refund of these old deposits and to obviate the necessity for carrying them forward from year to year it was suggested in earlier Audit reports that suitable rules for lapsing of unclaimed deposit and appropriating them to the revenues of the university be framed and given effect to.

Early steps should be taken for preparation of a list of the unclaimed deposits, deposits outstanding for a long period, should be treated as lapsed and amounts taken to revenue.

Para 9: The suggestion of audit will be acted upon.

10 Outstanding Government Grants.

Total amount of grants due from different Govts. on the 31st March 1961 had been shown on the balance sheet as Rs. 2,57,804.67. A sum of Rs. 62,048.74 nP. was reported to have since been received leaving a balance of Rs. 1,95,755.93 nP. yet to be received.

It was observed that sanctions in respect of the following schemes included in the above outstanding grants had not been received as yet though the expenditure had been incurred several years back.

- Unrealised U.G.C. grant for the balance of deficit for the year 1955-56 Rs. 9,611.35 nP.
- Unrealised U.G.C. grant for salary etc. for Arabic and Persian studies from 1956-57 to 1959-60 Rs. 8,150.00 nP.
- Preparation of English to Bengali and Bengali to English Dictionary (1956-57) Rs. 1,758.06 nP.

The expenditure under first item was found to have been written off by the Karma-Samiti in March 1961 and was stated to be under adjustment in the Accounts of 1961-62.

It was further noticed that the scheme for preparation of English to Bengali and Bengali to English Dictionary had been abandoned as the same could not be completed for want of funds.

As there was nothing on record to suggest that the liabilities in respect of the above items had been accepted by the U.G.C. effective steps need be taken for an early settlement of the accounts.

Reply

Para 10. The matter is under reference to the University Grants Commission.

11. Non-maintenance of proper stock accounts and non-verification of balances

(a) Stores and Pipes etc. purchased in connection with the Water Supply Scheme

Pipes and Stores materials worth Rs. 9,88,605.43 nP. were purchased during the last two years in connection with the water supply scheme

1959-60	Rs. 5,50,420.15 nP
1960-61	Rs. 4,38,185.28 nP

Besides about Rs. 1,62,400/- representing 90% of the value of materials to be supplied against different orders was advanced to different firms. The stock accounts of the materials purchased in respect of the above scheme was not maintained properly. No value account of the stores was maintained, not any Annual Return of the Stores was prepared by the Deptt. as is required under the Public Works system of Accounts. In the balance sheet the value of the stores in stock on the 31st March 1961, was shown as Rs. 8,31,799.30 nP. but as no departmental figures were available, Audit had no means to verify the authenticity of the same.

Although definite instructions were issued to the Executive Engineer *vide* Registrar's Memo No. G/S-30/4134/1 dated 23rd August 1959 that the Executive Engineer would remain responsible for the stores and all the entries in the stock book would have to be attested by the Executive Engineer, the individual entries in the stock book were left unattested. Again the issue rates of the materials were never worked out. The cost of materials received against a particular order and other charges *viz* Railway freight, cost of carriage etc. incidental thereto were not recorded in the ledgers, rendering it difficult to calculate the total cost of the stores taken into account. There was no evidence that the stores were ever physically verified by any competent authority. No security deposit was obtained from the person handling the stores.

11(b)—Furniture

A sum of Rs. 3,80,686.18nP. has been shown on the assets side of the balance sheet as values of furniture and equipments on the 31st March 1961. This includes a sum of Rs. 63,579.13 representing the purchases of furniture and equipments made during the year under review.

A review of the stock account of furniture and equipments revealed that the total purchases during the year 1960-61 as accounted for in the register was Rs. 55,104.23 nP. as against the expenditure of Rs. 63,579.13 nP. Thus there is a discrepancy of Rs. 8,474.90 nP. between the amount as shown in the Balance Sheet and the amount as accounted for in the stock accounts, which is required to be reconciled. The value of the opening stock (which was shown as Rs. 3,17,107.05) could not also be verified with the value of furniture etc., as accounted for in the stock account as the posting in the account was not made upto date.

The furniture and equipments were noticed to have been issued to different Bhavanas, Departments, Staff quarters etc. from time to time but the Register showing such issues were not made upto date. As such the issues to different Bhavanas, Departments, staff quarters etc. could not be verified with the inventories maintained by the respective recipient departments. A few cases wherein differences have been noticed between the accounts maintained by the various departments and the stock register, are detailed in Appendix "B". The issues of furniture etc. from the Central stores did not appear to have been verified with the

receipts as recorded in the departmental inventories which is required to be done at least once in a year. No physical verification of furniture and equipments appear to have been conducted.

Reply

Para 11(a): Arrears have been accumulated in the past due to there being no regular set up in the Executive Engineer's organisation. Proposals for creating new posts at the Executive Engineer's office have been submitted to the U.G.C. The posts will be filled up in due course and the arrears will be pulled up.

Para 11(b): Steps are being taken to conduct physical verification of furniture and to complete the records upto date.

12. Purchase and sale of coal

The University maintains a stock of coal for use in the refectory and for sales to staff.

No proforma accounts indicating the financial results of this Scheme are however prepared. From the existing accounts it could not be estimated if the scheme was working at a loss or profit. The report of physical verification of coal on 31st March 1961, revealed that 2354 mds. of coal was in the stock as against the book balance 5712 mds. 20 srs. of coal on that date, indicating a shortage of 3358 mds. 20 srs. valued at Rs. 5273/-.

(a) The shortages were stated to have been due to pilferages in transit and retail sales. It was also stated that in the absence of weighing facilities at the Bolpur station the loss in transit could not be assessed and claims against the Railways could not be preferred. As the shortages appear to be heavy, being 9.50% of the total coal sold during the period the University may consider the desirability of assessing the shortages by stock measurements and taking up the question of shortages in transit with the Railways once again.

(b) If stock measurements are taken immediately on Receipt of the coal consignments and the quantities are recorded in the stock ledger, the losses in retail issues could be more accurately determined, and better control over retail issue ensured.

Further out of the total closing stock of 2354 mds. of coal 209 mds. 20 srs. of coal was good while 2144 mds. 20 srs. were dust coal valued at Rs. 1,072.25 nP. This may be disposed of. The loss of Rs. 2294.61 nP. on this account needs also to be regularised, under orders of the competent authority.

Reply

Para 12: Necessary action is being taken to investigate into the matter and the actual irrecoverable loss will be written off under orders of the competent authority.

13. Discrepancies in the values of stores and stocks

1. Discrepancies in the value of the closing stock under the following items between the values shown in the Balance Sheet and the stock sheets have been noticed.

Particulars of store	Value of the closing stock as per stock register Bal : sheet	Value of the closing stock as per stock register Rs.
(a) Works & Buildings Maintenance stores	Rs. 6,914.29	Rs. 2,938.43
(b) Elec. & Water supply Maintenance stores	5,987.10	6,903.43
(c) Capital stores	44,572.99	43,315.62

The discrepancies should be reconciled.

Reply

Para 13: Discrepancies are being reconciled and will be shown to next audit.

14. Water Supply Scheme needs modification

(a) During the year 1957-58 a sum of Rs. 1,00,000/- was sanctioned by the U.G.C. towards provision of a tubewell in the University campus and supply of water to the campus. The P.H.E. Dept., Government of West Bengal was entrusted with the work of sinking of a tubewell within the University campus and a sum of Rs. 2,731.44 nP. was paid to them for their expenses. The trial boring by the P.H.E. Dept. was not successful and therefore a new scheme for supply of water was drawn up on behalf of the Visva-Bharati University by the Chief Engineer, P.H.E., Govt. of West Bengal. The scheme provided for supply of water from two tubewells (6" dia) to be sunk in the bed of the river Ajoy at a distance of over three miles from Santiniketan. The U.G.C. in their letter No. F. 57-8/58(H) dated 13th February 1959 conveyed their approval to the Scheme estimated to cost of Rs. 18,00,600/- as per details furnished in Appendix "C".

During the year 1959-60 a sum of Rs. 11,35,130/- was received from the U.G.C. as grants for implementation of the scheme. From the statement furnished in Appendix "D" it could be seen that as against the receipt of Rs. 11,40,130/- as grants, an expenditure of a total sum of Rs. 14,59,652.37 nP. had been incurred on the Scheme upto 31st March 1961.

The Exploratory Tubewell Organisation of the Ministry of Food & Agriculture, meanwhile, succeeded in procuring water from within the campus itself and the tubewell was handed over to the University in March 1961. Sanction to the payment of Rs. 24,358.50 for meeting the expenses incurred by the Exploratory Tubewell organisation, towards the cost of pipes etc. of the tubewell was accorded by the U.G.C. in their letter No. F 48-4/61 (CUP) dated 26th June 1961. The working tubewell having been considered satisfactory, the Chief Engineer, P.H.E., West Bengal suggested in his D.O. letter No. 20363 dated 18th July 1961 to the Upacharya, Visva-Bharati, that the river bed scheme might be abandoned and the surplus material procured for the scheme, might be disposed off.

In view of the proposal to abandon the River bed scheme the stores rendered surplus may be disposed off to the best advantage of the University.

A revised estimate in respect of the scheme of providing water from within the campus and distribution of the same may be drawn up urgently and the approval of the U.G.C. obtained.

The unspent portion of the grant in respect of the original scheme may also be surrendered.

The expenditure rendered infructuous due to the abandonment of the original scheme may be assessed and written off under orders of the competent authority.

(b) A sum of Rs. 59,529.00 was charged against the Scheme being the pay, allowances etc. of the staff employed for the scheme during 1959-60 and 1960-61 for which provision was not made in the estimates approved by the U.G.C. The U.G.C. in their letter No. F. 37/8/58/H dated 16th December 1960 had also instructed categorically, that the expenditure on the above accounts should not be met out of the grants sanctioned for the scheme. The incurring of this expenditure from out of the funds sanctioned by the U.G.C. for the water supply scheme was irregular. Necessary approval of the U.G.C. may, therefore, be taken as early as possible for the expenditure already incurred.

Para 14 (a): Revised estimate is under preparation. Surplus stores will be disposed off after the scope of the revised project is finally determined.

Para 14 (b): The matter is under reference to the U. G. C.

15. Non-acceptance of lowest offers for purchases

A few instances wherein extra expenditure was incurred on purchases of stores due to non-acceptance of lowest rates are detailed below. These would emphasise the need for detailed rules and procedure in respect of purchases and execution of work.

(1) *Purchases Dietary articles.*—Due to non-acceptance of lowest offers for the supply of dietary articles to the refectory, and extra-expenditure of

Rs. 3721.25 nP. (Vide Appendix E) was incurred in respect of purchases during the period from 1st July, 1960, to 31st March, 1961. Specific reasons for the non-acceptances of the lowest offer were not recorded on the comparative statements.

2. Fans. M/s. Hindustan Dealers Ltd., were requested by the University to furnish the D.D.S.D., rate contract prices for supply of "Orient" fans for varying sizes. The rates quoted by the firm were.

56" sweep A.C. ceiling fan	@ Rs. 146.25 each
48" sweep A. C. ceiling fan	@ Rs. 138.00 each
16" Pedestal	@ Rs. 100.00 each.

The rates offered by the firm were F.O.R. destination and the firm assured supplies within 10 days of the receipt of orders.

Fans of a different make were, however, purchased from M/s. Bhakat Bhai and Co., at the rates shown below.

56" sweep ceiling fans	@ Rs. 150.00 each
48" sweep ceiling fans	@ Rs. 141.00 each
16" Pedestal	@ Rs. 143.00 each

The purchase from the latter firm resulted in extra expenditure of Rs. 719.25 nP.

It was stated by the University that the lower rate could not be accepted as local agents of Orient Fans M/s. Mukherjee Bros. had no stock of 56" fans and the firm was not in a position to supply them in 10/15 days time as ascertained orally and that the fans were required urgently.

This, however, does not justify the non-acceptance of the offer of M/s. Hindustan Dealers who had assured delivery within 10 days from the date of receipt of the orders.

(3) *Emergency purchases.*—During March 1961, several articles (*viz* survey instruments, typewriters, cement and concrete testing machine etc.) were purchased at a total cost of Rs. 16,150.96 nP. (Rs. 12,755.96 nP. for main office and Rs. 3,395, for Palli-Samgathana Vibhaga) without obtaining even quotations as emergency purchases. The purchases were made by the Purchase Officer after obtaining rates from a few firms in respect of some items. From the statement submitted to the F.A. for *post-facto* to approval it was noticed that the purchases were in no case at the lowest rates. Though the purchases were made as urgent it was noticed that no item purchased for the General Office at a cost of Rs. 12,755.96 nP. was issued from the stock upto 18th June, 1961. There does not seem to have been sufficient justification for making such hurried purchases especially when the stores were not required for immediate use.

Reply

Para 15(1): Generally, lowest tenders were accepted. In few cases where lowest offers were not accepted they were due to their failure to furnish samples as required under tender conditions and where samples furnished they were of inferior quality. However, the reasons have now been recorded on the comparative statements.

Para 15(2): As the local agents of 'Orient' fans whom we contacted at the instance of the Principals *i.e.* M/s. Hindusthan Dealers Ltd., could not assure timely supply and since the fans were very urgently required, purchases had to be made from the other party as emergency measure.

Para 15(3): The typewriter had to be purchased hurriedly in connection with Centenary work. As regards survey instruments, cement and concrete testing machines etc., it was considered necessary to make purchases on emergent basis for certain construction work in connection with Centenary celebrations.

16. Allotment and fixation of rent of staff quarters and furniture

(A) Following the suggestions made in para 6, of the Audit Report for the year 1953-54, the Karma Samiti in its resolution No. 52 dated 30th April, 1960, decided that rent of the staff quarters of the University should be fixed on the basis of standard rent at 4 p.c. of the actual cost of construction or 10 p. c. of the

salary whichever was lower. It was, however, found that the above decision of the Karma-Samiti had not been given effect to. The University stated:

"While giving implementation to the resolutions certain practical difficulties arose. The U.G.C. has prescribed scales of accommodation according to pay scales and status of the employees in the University. As the plinth areas of the existing quarters in most cases fell short of the areas prescribed by the U.G.C. the employees could not be given accommodation according to their entitlements. Hence the formula "standard rent or 10 p. c. whichever is less" could not be enforced nor it was considered economical at this stage. The whole situation was reviewed by the Standing Finance Committee and on its recommendation the Karma-Samiti vide Resolution No. 15 dated 4th November, 1960, and Resolution No. 8 dated 18th March, 1961, decided that the standard rent be fixed by pooling together the cost of similar accommodations after increasing the plinth areas of the quarters where necessary upto the limit of the occupants entitlement as prescribed by U.G.C. and re-allotting the quarters in such a way as to bring it as near to 10 p. c. of the pay of the employees as possible. Steps in that regard are in hand." The revision of the standard rent in accordance with the resolution of the Karma-Samiti of 18th March, 1961, may be completed early.

(B) Allotment.

No register of buildings indicating the capital cost, rent recoverable, the name of the allottee, rent realised etc., was maintained. In the absence of this record it could not be verified if all the quarters built had been allotted and rent due in respect of quarters allotted had been duly recovered.

(C) According to resolution No. 2 dated 26th March, 1960, of the Karma-Samiti, for furniture issued to the employees of the University rent would be charged at 10 p. c. of the capital cost per annum or 2½ p. c. of pay whichever was less. It was noticed that various kinds of articles of furniture had been issued to a good number of employees residing in University quarters and in private houses but no rents had been recovered.

It was stated by the University that the rent realised from the employees included rent of the furniture also, and that the resolution of the Karma-Samiti regarding rent of furniture would be enforced after the rent of the quarters as per least decision of the Karma-Samiti had been fixed."

Since the rent for furniture is distinct from the rent for quarters and no rent for houses is realisable from the employees occupying private houses not provided by the University rents in respect of furniture may be recovered forthwith in terms of the Karma-Samiti's resolution of 26th March, 1960.

Reply

Para 16(A): The matter is being expedited. But until the additional accommodation is provided it is difficult to equate the house-rent on the basis of standard accommodation.

Para 16(B): The register will be maintained.

Para 16 (C): Necessary steps are being taken to recover rent of furniture.

BEFORE THE INDUSTRIAL TRIBUNAL, MADRAS

PRESENT:

Sri K. Ramaswami Gounder, B.A., M.L.

INDUSTRIAL DISPUTE No. 6 OF 1962.

(In the matter of the dispute between the workmen and the management of the Indian Overseas Bank Ltd., Madras.)

BETWEEN:

The General Secretary,
Indian Overseas Bank Employees' Union,
No. 17, Baker Street, Madras-1.

AND

The General Manager,
Indian Overseas Bank Ltd.,
P.B. No. 3765, Madras-2.

REFERENCE: Order No. 51(77)/61-LR-IV, dated the 13th March 1962 of the Ministry of Labour and Employment of the Government of India, New Delhi.

ISSUE: "Whether the action of the bank in withdrawing the supervisory duties from Shri S. V. Lakshminarayanan on his transfer from Tirupur to Coimbatore in May 1960 and thereby depriving him of the supervisory allowance of Rs. 50 p.m. is justified and, if not, to what relief is he entitled."

This dispute coming on for hearing this day, upon perusing the reference, claim and counter statements and all other papers material to this dispute and upon hearing Sri R. Nagiah for the Union and Sri K. S. Naidu, Advocate for the Management, the Tribunal passed the following:—

AWARD

The dispute involved in this reference is simple, and relates to an employee by name Lakshminarayanan, employed in the Coimbatore branch of the Indian Overseas Bank, which has got its head office at Madras. He was a clerk, and by an order, dated 13th March, 1959, Ex. W-1, he was promoted as Special Cadre Assistant with effect from 1st March 1959. By another Memo. Ex. W-2, the central office of the Bank allotted to him supervising work, declaring him eligible for the usual supervising allowance as per Bank Award. Another Memo. Ex. M-1, dated 30th March 1959 was issued to the effect that he will be paid proportionate supervisory allowance of Rs. 45 per month 'for the period he does supervisory work'. In June 1959, he was also granted the Bank's restricted joint power of attorney, as shown by Ex. W-3.

2. It will thus be seen that this employee was promoted and confirmed as a Special Cadre Assistant with effect from 1st March 1959. He was also allotted supervisory work, for which he was allowed the supervisory allowance as per the Bank Award.

3. In July 1959, the Bank opened a branch at Tirupur, and Lakshminarayanan was posted to that new branch as—'second signatory'. Ex. W-4 is the order posting him to Tirupur branch. It is admitted that as 'second signatory' at Tirupur, he was drawing the special supervisory allowance. But it may be mentioned that 'second signatory' is not a distinct post by itself, but only means that he is authorised to counter-sign certain papers after they are signed by the Agent as the 'first signatory'. The fact was that so long as Lakshminarayanan was in Tirupur as second signatory, and also while he was in Coimbatore before transfer, he was drawing the special supervisory allowance. This continued till April 1960.

4. On 22nd April 1960, the Central Office of the Bank issued the Memo. Ex. W-5, transferring Lakshminarayanan back to Coimbatore and posting as 'second signatory' to Tirupur Branch one Valliappan from the Coimbatore

branch. In pursuance of this order, Lakshminarayanan came back to Coimbatore branch and Valliappan took his place at Tirupur. But at Coimbatore, Lakshminarayanan was not granted the special supervisory allowance, which he was drawing at Tirupur and also originally at Coimbatore. In fact, the Memo. Ex. W-5 contains a specific direction that Lakshminarayanan should not be entrusted with any supervisory work without the prior sanction of the Central Office.

5. It is therefore clear that when Lakshminarayanan was transferred back to Coimbatore in April 1960, he was not allotted supervisory work, and consequently the special allowance therefor was taken away from him. The complaint now is that the management is not justified in depriving him of the special allowance and thereby altering the conditions of his service for no reason whatever. According to the union which represents the employee, this is a sheer act of victimisation because in March 1960, this employee formed an union of the bank employees of Tirupur and took an active part as the president of the union in organising the strike of the bank employees. On the other hand, the contention of the management is that supervisory work is not part of his job as a Special Cadre Assistant and that the supervisory work is conferred on such employee as deserve the confidence of the Bank, and that it cannot be claimed as a matter of right.

6. In the course of the arguments, the Union representative appearing for the employee conceded that Special Cadre Assistant does not imply supervisory work and that there are Special Cadre Assistants without such supervisory work. It must be borne in mind that this employee is only a Special Cadre Assistant, an intermediate post between the clerk and the officer, and holds no higher or supervisory post. He will be entitled to do supervisory work only if it is conferred on him. That being so, he cannot demand supervisory work as a matter of right. If he is called upon to do the supervisory work, he will get the special allowance so long as he does that work. If the management thinks fit to take away that work, the employee loses the benefit of that allowance. The supervisory work is not an adjunct of the post which this employee holds. The office which he holds is Special Cadre Assistant. That office, as admitted on both sides, does not comprise supervisory work. It follows that this employee has got no right to demand that that work should be entrusted to him. It is true that while he was at Coimbatore before his transfer to Tirupur and also at Tirupur as 'second signatory' he was drawing this special allowance. That was because he was then allotted and doing supervisory work. Merely because he was entrusted with that work before, it does not create in him a right to demand that work. 'Second signatory' is not a distinct post in itself, but is only the Special Cadre Assistant with supervisory powers. In these circumstances, I must hold that it has not been established that this employee has got a right to demand the special supervisory allowance.

7. I must also add that this claim stands already concluded against him by an award Ex. M-2 passed by Sri Justice K. T. Desai, on a complaint under Section 33-A of the Industrial Disputes Act preferred by this employee against this Bank in respect of the very dispute which is the subject matter of the present reference. The learned Judge as the National Industrial Tribunal (Bank Disputes), dismissed the complaint in May 1961 holding that there is no obligation upon the Bank to give supervisory work to the complainant and to pay him a supervisory allowance.

8. The result is that this reference must be answered against the worker. However, as no reasons have been given by the Bank for withdrawing the supervisory work, this employee has every right to expect that he will be entrusted with that work at the next available opportunity.

AWARD

The Government of India, Ministry of Labour and Employment, by its order No. 2/253/61-LR.II, dated the 9th January 1962, referred the dispute between the employers in relation to the Diguli Colliery and their workmen in respect of the question whether the management of the said colliery was justified in stopping Shri Aswani Kumar Datta, Surface Supervisor-cum-Register Clerk from work from 1st November 1961 and if not to what relief he was entitled, for adjudication to this Tribunal.

When the matter came up for hearing before me to-day, the parties after some discussion and negotiations entered into a compromise and produced a memorandum thereof. A copy of the said memorandum is appended herewith and marked Appendix 'A'. Under the terms of the compromise, the workmen do not press for the reinstatement of Shri Aswini Kumar Datta, but the management have agreed to pay him a sum of Rs. 1,400 (Rupees one thousand four hundred only) on 19th April, 1962 in full and final settlement. In my opinion, the compromise is fair and reasonable.

I, therefore record the compromise and pass an award in terms thereof.
